

CONSULTATION & TRAINING SERVICES

CWHC wants to support you and your community in developing affirming spaces for all people, including gender-expansive, queer young people and adults.

We will work with you to meet your community's needs, either in consultation or through training. This work can involve a combination of individual meetings with stakeholders, training sessions, curriculum review and development, and drafting recommendations for your community's ongoing development.

Our Health Education team has expertise in diverse settings, and projects will be customized based on participants' needs. All CWHC's work is rooted in principles of body positivity, sex positivity, queer inclusivity, and harm-reduction.

TRAINING & CONSULTATION TOPICS INCLUDE, BUT ARE NOT LIMITED TO:

- Creating Gender-Expansive Organizational or Community Spaces, Education, and Services
- Creating Queer-Inclusive Organizational or Community Spaces, Education, and Services
- Intergenerational Conversations about Sexual Health & Healthy Relationships
- Building a Body-Positive, Sex-Positive Approach to Education and Services
- Non-Hierarchical Approaches to Classrooms, Education, and Youth Work
- Trauma-Informed Approaches to Health Care, Education, and Youth

CWHC has provided consulting support to schools, organizations, and businesses as well as larger entities, such as the CPS Office of Student Health and Wellness. We will gladly provide references upon request.

CONTACT INFORMATION

For more information, please contact Scout Bratt, CWHC's Outreach & Education Director, at 773-935-6126 x230 or at sb@chicagowomenshealthcenter.org.

For over 30 years, CWHC's Outreach and Education Program has been at the forefront of comprehensive, inclusive educational programming in Chicago. Our educational programs use a harm-reduction model to promote healthy relationships and decision-making while providing accurate, accessible, age-appropriate health information. Learn more about CWHC's comprehensive sexual health and healthy relationships education programming here on our website: www.chicagowomenshealthcenter.org/services/health-education.
